

## Piper Team Girds For Grid Opener

**Coach Announces Tentative Lineup for First Game of Season; Intensive Drills Pay Off**

Hamlin's 1949 Pied Pipers will be ready for the Stamford Bulldogs in the first game of the year, scheduled for Friday evening, September 9, Coach Jesse N. Burditt, said Wednesday.

Hard training and long sessions of "skull practice" have paid off, Burditt believes, in getting the team whipped into shape for the season. Burditt announced a tentative lineup for the opening game, this week.

In three scrimmage sessions the Pipers have shown progressively better form for the season opener.

The first scrimmage against Haskell left the coaching staff despondent, but a return scrimmage match with the larger Indians, showed up the Pipers in better light. A scrimmage session with Truman Nix's Rule team last Saturday indicated the Pipers have picked up a great deal of football lore since practice started.

A scrimmage session slated for Wednesday afternoon on the Piper Field was postponed when rain saturated the field and made it too muddy for practice.

The probable starting lineup for the Pipers will be: Asa Goodgame, left end; Goodgame has been under medical care for the past two weeks, but is expected to be able to

## Ginners Predict 8,000 Bale Crop In Hamlin Area

Production of 8,000 bales of cotton in the immediate Hamlin area was predicted this week by managers of the two gins in Hamlin.

The managers both said it is not only possible, but probable that from 8,000 to 8,000 bales will be ginned in Hamlin during the season.

An estimated 18,000 to 20,000 acres of land have been put into cotton this year near Hamlin, and the crops are said to be better than in any year for more than a decade.

Elnio Bellah, manager of the Producers Gin, said he thinks the crop is as good as any he's seen since coming to Hamlin more than 20 years ago.

W. W. Fletcher, manager of the Farmer's Cooperative Gin, said he thinks cotton in this area will average one third bale per acre, or better.

"It is the best crop I've seen since I came to Hamlin," he said.

The two gins had already handled 27 bales of cotton prior to Thursday, and the harvest was beginning to get underway in earnest this week.

Cotton harvest in the Hamlin region is somewhat earlier than last year, the gin men said, but it is expected to last longer, also.

## Dr. R. N. Richardson to Be Speaker for Lions Club 20-Year Celebration Here

Dr. Rupert N. Richardson, president of Hardin-Simmons University, Abilene, and a former Lions District Governor, will be principal speaker at the 20th anniversary celebration for the Hamlin Lions club next Tuesday night.

Selection of Dr. Richardson was announced Wednesday by Dr. J. W. McCrary, chairman of the committee for the program. Other numbers on the program will also be supplied by Hardin-Simmons, Dr. Richardson promised.

The program will be given at the Elementary school building, and a banquet will be served. Wives of members are invited to attend, and special guests of the club will be all charter members and their ladies.

Special chevron awards will be made to three men who have been charter members for 20 years. They are Joe L. Culbertson, Joe McCrary and Perry Sparks.

A 20-year Monarch chevron will be presented to W. C. Russell, and 10-year Monarch chevrons will be given to Art Carmichael, W. Theo Johnson and Herman McBride.

A special address by Melvin Jones, founder of the Lions Clubs,

and lifetime secretary of the organization, will be presented. Jones, whose headquarters are in Chicago, recorded the address by wire recording and mailed it here to be played to the club.

Clarence Bailey, secretary, is compiling a brief history of the local organization to be given at the Tuesday evening meeting.

All members are urged to attend the anniversary banquet, and former members are invited to attend.

Mr. and Mrs. C. A. Simpkins of Rule and Mr. and Mrs. Virgil Smith of Haskell spent last week end in Hamlin as guests of Mr. and Mrs. J. G. Smith.

Mr. and Mrs. Harold J. Nelson and daughter, Marijoe, of Midland spent last week end in Hamlin with Mrs. Nelson's parents, Mr. and Mrs. M. C. Wilson.

Mr. and Mrs. Joe A. Simpson and daughters, Faith and Carol Joe, visited with relatives in Abilene Sunday. Faith and Carol Joe remained in Abilene until Tuesday.

Mrs. Harry W. Pitzer of Chickasha, Okla., was a guest in the home of Mr. and Mrs. H. O. Cassle last week.

## Season Ticket Sale To Open Saturday

Sale of season tickets for reserved seats for all home football games will open Saturday, it was announced this week by B. V. Newberry, principal of Hamlin High School.

The tickets, which will give entry to five home games for \$6 will be on sale at Waggoner Drug Store, Newberry said.

### SAFEGWAY TO CLOSE

The Hamlin Safeway Grocery store will be closed Monday September 5, in observance of Labor Day, Clyde Alexander, manager, said this week. It is believed to be the only retail store in Hamlin to observe the holiday.

## To Register for Classes Monday

**Class Work to Get Under Way Tuesday; Bus Schedules Will Begin Operation Second Day**

Registration for the 1949-50 term of school in Hamlin will begin at 8:45 Monday morning, September 5, it was announced this week by I. R. Huchingson, superintendent.

Students classified as seniors, with 10½ units of credit or more, will register from 8:45 to 9:30, B. V. Newberry, principal, said.

Juniors, with from seven to 10½ units of credit, will register between the hours of 9:30 and 10:45.

Sophomores, students with from three to seven units of credit, will register from 10:45 until 12 o'clock noon.

Freshmen, students with less than three units of credit, will report for registration at 1 o'clock, and eighth grade students will register at 2 p. m. at the high school building.

Registration for grade students will take place Tuesday, September 6, beginning at 8:45, Marvin Carlton, principal of the Elementary schools, said.

The grades from third through seventh will report to the Elementary building, and first and second grades will report to the Primary building.

A half-day schedule of classes for high school students will be maintained Tuesday, when they will report for classes at 8:45 a. m., Newberry announced. There will be no class work after noon Tuesday.

Buses will not operate Monday, but will begin operation Tuesday and make their complete schedules. High school students who are unable to come in for registration on Monday will be given an opportunity to register Wednesday.

Huchingson said the buses will operate over approximately the same routes as last year for the first days. Some changes in routes or schedules may be made and announced later, he said.

Newberry said the new time for opening class work each day will be tried at least until days become no-

ticeably shorter. The new schedule calls for class work to begin at 8:45 instead of at 9 a. m., as in former years.

Cafeterias will begin operation Wednesday, September 7, Huchingson announced. The charge will be the same as last year—25 cents per meal for elementary school pupils and 30 cents per meal for high school students.

It might become necessary to revise the cafeteria charges, school officials pointed out, if it is determined that present charges are insufficient to meet the costs of operation.

## Post Office, Bank to Observe Labor Day

Despite the fact that more than 70 percent of Hamlin business firms indicated a preference for observing Labor Day as a holiday, no general observance will be noted in Hamlin this year.

Only business firms that have announced its intention to close are the Farmers & Merchants National Bank. The Hamlin post office also will close throughout the day.

## Work Is Started on New Street Lights Authorized in March; 60 to Be Installed

Work began Wednesday morning on installation of new street lights in Hamlin, Mac Brundage, manager of the West Texas Utilities Co., announced.

A crew of workmen began tying in new transformers necessary for the additional lights, and excavating for poles and new wiring, Brundage said.

Completion date of the project is not definite, Brundage said, because only one crew is available for the work, and it is necessary sometimes to use that crew on other projects.

The City Council authorized installation of the lights in a meeting last March, shortly after The Hamlin Herald had carried an article concerning the lack of lights here at night.

Brundage said 60 new lights will be installed, with 32 to be of the pendant type, similar to those now

## Church Meeting Here Draws 4-State Group

Visitors from four Western states will be in Hamlin for three days next week to attend the annual Fellowship Meeting of the United Pentecostal Church, Rev. Donald Berry pastor of the local congregation, said Thursday.

The meeting will open Monday night and will continue with services Tuesday, Tuesday night, Wednesday and Wednesday night, Rev. Berry said.

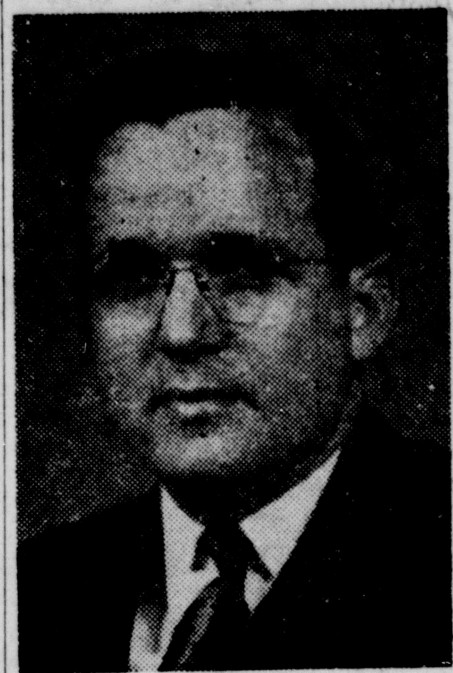

The group will represent the Texas district, which includes West Texas, New Mexico, Utah and Colorado. It is expected that 50 to 60 ministers will attend the sessions.

Rev. Berry said the public is invited to attend all of the services, which will be conducted in the United Pentecostal Church building here.

## Lee Rawlings Is New Minister for Church of Christ

Lee H. Rawlings took over the duties of minister for the Hamlin Church of Christ Thursday of this week, members of the congregation announced.

Rawlings has served as minister of the Perryton Church of Christ for the past four years, during

which time membership in the church grew considerably, and a new building was erected.

A graduate of Richards College, Savannah, Georgia, and of David Lipscomb College, Nashville, Tenn., he has also engaged in special work at Peabody College, Nashville.

The new minister has done extensive evangelistic work in Georgia, Florida, North Carolina, South Carolina, Tennessee, Alabama, Kentucky, Texas, Oklahoma and Kansas.

Mr. and Mrs. Rawlings and their daughter, Janelle, arrived here Thursday to make their home.

The Hamlin church has been without a regular minister since the resignation of J. Cleo Scott several months ago.

### DR. STEINMAN TO PREACH

Dr. George J. Steinman of McMurry College, will preach in the First Methodist Church of Hamlin Sunday morning, in the absence of the pastor, Dr. Will C. House.

## Registration at McCaulley Opens Friday, Sept. 2

High school students, classified as juniors and seniors will register Friday, September 2, at McCaulley for the annual term, S. L. Smith, superintendent, said this week.

Other students will register on Monday, September 5, he announced.

A brief program, in which the faculty will be introduced, will be conducted Monday morning, with the entire student body and the faculty gathering in the Ed Mason gymnasium.

Members of the faculty for the 1949-50 school term are Smith, O. F. Hill, M. M. Sewell, Mrs. C. E. Woods, Mrs. L. E. Rector, and Mrs. O. T. Hennington. The Negro school will be taught by Mrs. O. J. Mosley.

Numerous improvements have been made on school grounds and buildings during the summer vacation period. The grounds have been leveled and graded, the building has been painted on the interior and new equipment has been added to the lunch room.

The lunch room will be in charge of Mrs. A. L. Gregg, Mrs. W. R. Perryman and Lelia Houghton.

Miss Wanda Hancock and Miss Ann Carson of Odessa are guests this week of Miss Bebe Doris Shelton in Hamlin.

## Lions Credited With Win Over Rotarians

Hamlin's Lions Club was credited with a decisive victory over the Rotary Club in the annual softball game between the two organizations last Thursday evening.

The credit for the victory was given by a member of the Lions Club, who said his records of runs was worked out through use of the signs of theodiac as contained in the 1913 edition of a Cardui almanac.

"We won by a huge score," the Lion exulted, "even if some of the less truthful members of the Rotary Club do dispute our right to the championship title."

Meanwhile members of the Rotary Club, fully as vociferous as the clamorous Lions, issued a special communique in which they, too, claimed to have won the game.

An intensive investigation, conducted by an innocent bystander, revealed the astounding fact that neither of the clubs won the game although the official score was entered as 19 to 18 in favor of the elder and more experienced Rotarians.

## Heavy Clouds and Wind Bring Rain Throughout Area

A mass of low, black clouds that rolled into Hamlin from the north-east shortly after noon Wednesday, brought .86 of an inch of rain to the city, Bill Rountree, city water superintendent, said.

The clouds and rain were accompanied by gales of wind that brought a blanket of dust sweeping ahead of the showers.

No property damage was reported in the Hamlin region from either wind or rain, but temperatures were sent skidding downward by the cooling atmosphere.

Elsewhere in the area heavier rainfall was reported, and some minor damage was said to have been caused by the winds. Unconfirmed reports from McCaulley said wind blew down a few barns, chicken houses and other small farm buildings near that town.

In Stamford the wind lifted pieces of sheet iron from the roof of the cotton compress and broke limbs from trees.

Rains were general over most of this part of the state, with the heaviest fall reported from Sweetwater, where two inches of precipitation were recorded.

Wednesday's rainfall in Hamlin brought total for August to 3.12 inches, which is unusually large for the month.

Rainfall for the first eight months of the year, according to Rountree, measured 21.41, which is approximately two inches less than the normal rainfall for 12 months here.

Total rainfall in 1947 was 16.37 inches and rainfall for all of 1948 was 14.41 inches.

Precipitations by months during 1949 was listed as follows: January 3.69; February 1.57; March .60; April 3.46; May 6.04; June 2.51; July .42; August 3.12.

## To Elect Officers of Local Legion Monday

Officers for the Hamlin American Legion post to serve during the coming year will be elected at a meeting Monday evening, September 5, it was announced this week by Joe Culbertson, commander.

All members of the post are urged to attend the meeting. Refreshments will be served by members of the Women's Auxiliary.

## McMurry Begins 24th Annual College Term

McMurry College, Abilene, will begin its 24th year as a senior college with formal opening ceremonies September 17, following a week of orientation and registration.

In anticipation of a high enrollment the college has added 11 new faculty members to its staff, including five holders of Ph.D. degrees.

More than \$1,000,000 in endowments have been added to the college's assets during recent years, and many new buildings have been completed on the campus.

## Hamlinite to Box Gloves Champion

**McInturff Meets Tom Adams in Lions Club Card Here Next Thursday; Other Scraps Set**

Headlining the first Lions Club boxing card to be presented in Hamlin, Carl McInturff, local light heavyweight, will face Tom Adams of Hardin-Simmons University in the feature event next Thursday evening.

The boxing show will be presented by the Hamlin Lions Club and will be staged at the ball park under flood lights, according to Stanley Carmichael, chairman of the committee on arrangements.

Adams is rated as one of the best amateur boxers of his class in the entire nation, and is light heavyweight Golden Gloves champion for Texas. He was runner-up in the national tournament in Chicago last year.

Some sports writers have called Adams the best, while most writers say he is at least the second best amateur light heavy.

McInturff reigned for two years as undisputed light heavyweight champion of the Pacific coast in the Marine corps. He was Marines champion in 1945 and 1946. McInturff was discharged from the service in 1947 and came to Hamlin to make his home.

Adams outweighs McInturff several pounds, Carmichael said Wednesday, but the local man is anxious to mix with the state champion anyway.

The fight will be three two-minute rounds.

Fans are guaranteed at least 10

## Ivy Witt Is Speaker At Rotary Meeting

I. R. Witt was principal speaker on the program for the Wednesday noon Rotary luncheon. He discussed advertising and how it affects both business firms and individuals.

The club luncheon was attended by 12 out of town guests.

### WATER TOWERS PAINTED

A new coat of paint was given to Hamlin's two water towers this week, and the name of the town was painted on them on two sides. The towers were painted aluminum and the name is in black.

## Farnsworth Well Flows 1,200 Barrels From Gunsight; Pardue in Canyon Pay

Production gauged at the rate of 1,200 barrels per day through one-half inch choke was filed by C. U. Bay & Taubert Drilling Company, for the No. 2 E. E. Farnsworth test south of Hamlin.

The well flowed on its own power from the Gunsight zone and was hailed by oilmen as an important discovery well in this area.

Production was from 3,152-58 feet and no water was found in the oil. The well was treated with 250 gallons of acid.

On a drillstem test, with the tool open two hours, recovery was made of 750 feet of oil and 150 feet of oil and gas cut mud.

What is said to be the best production yet found in the Canyon Lime series in this vicinity was encountered in the Pardue & Toler No. 5, drilled by Texas Pacific Coal & Oil Company, near the Ellenburger discovery northwest of Hamlin.

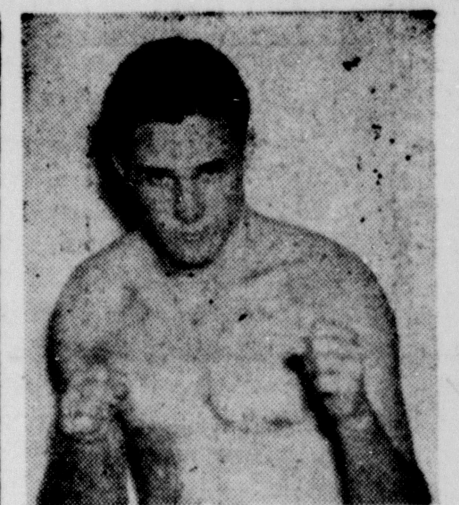

The Canyon was penetrated Saturday night and oil flowed freely until shut in by the operators. Following drillstem test the operators went on through the Canyon and were drilling below the 5,000 foot mark this week to test the Ellenburger.

In the Pardue & Toler No. 4, drilled by the same operators, a heavy show of production was logged in the Swastika.

Dr. W. H. Bryant, Towne No. 7 was below the 4,000 foot mark Thursday.

A new test was spudded in Monday when S. C. Herring Drilling Company, began operations on the Ferguson tract northeast of Hamlin. Permit is for a depth of 3,200 feet.

General Crude Oil Company, has

TOM ADAMS

COTTON FOWLER

bouts during the evening. Carmichael said, although not all of the fighters have been signed up for the evening's program.

Other top-notch fighters who are going to appear on the card are Cotton Fowler, 130-pound battler Hardin-Simmons. Fowler was 1947 TAAF champion in his weight, and High Higgins, 170-pound H-SU man. Higgins was runner-up in the Fort Worth tourney recently.

Several boxers from Sweetwater and Rotan are also expected to be on the evenings program, and additional local men are being sought for the card. Carmichael said he is inviting any local fighter, who wants to take part in the program, to get in touch with him, or with James Woods at the VFW clubhouse.

A small admission charge will be made to see the fights, and all of the money will go into the Lions Club charity fund. The program is scheduled to get underway at 8 o'clock.

## Highway Office To Be Opened Here for Area

Production was from open hole at 4,724-4,818 feet through quarter-inch choke. The well was treated with 2,000 gallons of acid.

Texas Pacific, drilling the Port H. Williams No. 3, was reported at 2,950 feet Wednesday. The well will be drilled to test the Swastika, operators said.

Opening of an office in Hamlin by the State Highway department was announced this week when representatives of the department came here to look over proposed locations and to secure housing for employees.

The Hamlin office will have charge of an area which will extend into Stonewall, Fisher and Dickens counties, with other regions probably included.

Only three men will be assigned here at the present, it was reported, but the number of personnel will probably vary from time to time.

Men who will come here immediately are: James E. Stidham, Nelson Shave and John Eidson.

Mrs. L. G. Server and Mrs. J. G. Smith visited in Stamford Monday afternoon.

## Who Is to Blame?

None of them died—those three persons who suffered attacks of typhoid fever in Hamlin during the past few weeks. It was because of the goodness of God and the skill of their physicians that the disease did not prove fatal, however.

And, if one or more of them had died, on whose shoulders would have fallen the blame? Would it have been shrugged off as "just one of those things," or would it have been attributed to "an act of God?"

It is likely if any one of the three victims had succumbed, people in this area would have said he was a victim of typhoid fever, and let it go at that. Such a statement would have been only a half truth. The full truth is that all of the three typhoid fever patients were victims of the lethargy of this community.

If there had been a death from typhoid fever, the blame for that death would have rested squarely on the shoulders of every adult resident of our town.

For years and years sporadic efforts have been made to have Hamlin cleaned up. And for years and years those sporadic efforts have failed. Numerous half-hearted attempts have been made to induce property owners to install sanitary toilets, and those attempts always have failed because little sincerity was put into them.

There is an ordinance—reports say—on Hamlin's books requiring installation of sanitary toilets. That ordinance has never been enforced because city officials have not wanted to enforce it. It will never be enforced until and unless people of Hamlin put pressure on the city administration for such enforcement.

Members of the city council, on whose shoulders rests the final responsibility for sanitation in our city, have hesitated to take positive action because "we might make somebody mad."

## PAW BUYS RADIO BUT PETE IS AFRAID THERE WILL BE TROUBLE ABOUT THOSE INSTALLMENTS

Bureaucratic Nightmare

## Writer Peck Eulogizes Small Town Editors; Asks for Pat on the Back

By GEORGE PECK

In this editorial I would like to pay tribute to the watch-dogs of the nation—the editors of the nation's small-town newspapers—those men and women whose journals may be small in size but which bulk large in influence and prestige.

The editor of the big metropolitan daily, sitting in his comfortable swivel chair behind his expensive and expensive mahogany desk (perhaps walnut), may imagine that he is a molder of public opinion. Backing him up he has the marvelous facilities of the various Press Services; assisting him a staff of highly-paid assistants, feature writers, foreign and domestic correspondents, photographers and reporters. In his press room, he has a modern up-to-the minute press capable of printing thousands of copies per hour. His paper goes out into the city streets to be sold by the hundreds of thousands.

It is a small wonder, then, that he kids himself into believing that he is one of a small and select group which is directing the thought and is responsible for the subsequent action of the American people.

But, he is wrong. The people he reaches through his publication are not typical Americans—not the backbone of the nation. The real Americans are to be found in the smaller communities and in the rural districts of the nation.

In the hinterland are to be found the hard-headed clear-thinking, citizens, the people who can not be fooled by false doctrines, deluded by quack panaceas, who do not subscribe to something-for-nothing, ideologies, and who steadfastly adhere to sound American principles as laid down by the Founding Fathers.

It is only occasionally that most of these people see the metropolitan newspapers. They rely almost entirely for their news and editorial comment upon the local paper which serves their particular community.

The editors of the small-town newspaper, therefore, have a rendezvous with destiny—to them has fallen the Herculean task of preserving sound government, encouraging industry, saving free enterprise and maintaining the Republic.

It is a tough assignment for any group of men and women, but praise be, they are measuring up to it. It is my privilege and pleasure each week to look over the editorial pages of many hundreds of these local weeklies. Whenever a serious doubt flashes through my mind as to where this nation is heading it is quickly dispelled when I realize that the twelve thousand editors of our

small-town newspapers are on the job, cool, quietly, without fanfare, but consistently fighting for the betterment of their communities and for the welfare of the nation as a whole.

The editor of the newspaper in which you are reading this article doesn't sit in a handsome swivel chair before an elegant desk (if he does, please don't begrudge it to him). He doesn't have a corps of expensive assistants, but in spite of these lacks, he does give you a newspaper replete with the friendly news of your community and abounding with wisdom and good, old-fashioned horse-sense on his editorial page.

My hat, even as yours should be, is doffed to him.

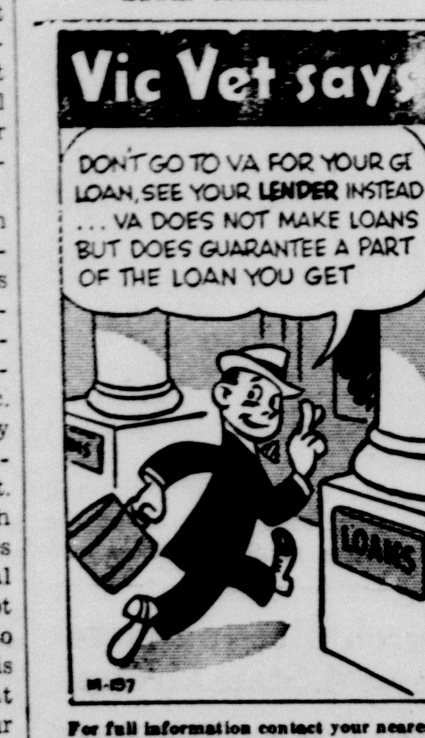

Why not drop in on him some day soon and express your gratitude for the service he is rendering? A pat on the back never has hurt anyone; editors especially.

The brotherhood of man is an integral part of Christianity no less than the Fatherhood of God; and to deny the one is no less infidel than to deny the other.—Lyman Abbott

The only hope of avoiding war is to accept Christianity as a way of life, not only in our private affairs, but in all public and international contacts.—Canon Shepard

The scientific unity which exists between God and man must be brought out in life-practice, and God's will must be universally done.—Mary Baker Eddy

The crest and crowning of all good, Life's final star, is Brotherhood.—Edwin Markham

## Many Momentous Decisions Hang on Insignificant Choices, Writer Says

By Dr. Norman Vincent Peale

There is a great text in the Seventy-Third Psalm. Everybody should commit this text to memory and write it on his train and in his heart. "Thou shalt guide me by Thy counsel." And it goes on to say "And afterward receive me to glory."

It has been said that history turns on small hinges. That which at first blush seems to be a minor event, is later seen to be a major turning point. For example during the days leading up to the Civil War the Student of contemporary history might have regarded the greatest events as the speeches of Calhoun or Webster, or the decisions handed down by the Supreme Court on the slavery question, or the great speeches of Wendell Phillips and Henry Ward Beecher.

Undoubtedly they were important but a long time before these took place something happened in a humble cabin in a rude wilderness one night. The following day at the Log Store somebody raised the question, "Anything happen around here lately?"

"Nope," was the reply, "Nothing ever happens around here. A baby was born last night up at Tom Lincoln's cabin, but that's no exciting happening."

It was not marked, it was not noted, but the great decision had been made. The turn had been taken, the little hinge had creaked, and the destiny of sixty years later had been sealed. In a much lesser way the same truth applies to human life. A decision we have to make to day, may in retrospect be seen to be one of the major decisions of our lives. You receive a letter, you compose an answer. You are called on the telephone, and you give your decision. A telegram comes, you dispatch one in return, and on that may rest your future. It is strange about these

small decisions. They are never to be minimized and that is why it is so desperately important for a person to have a spiritual point of view toward life. It is easy to make mistakes and to get off on the wrong foot.

By way of illustration, a young man told me that on one occasion he was asked to go to Chicago to consider two positions that had been offered him. He did not know which one of these positions he would take. He had never been to Chicago, so he went to both the Pennsylvania and the Grand Central Stations in New York City, obtained timetables, and read them to determine which would be the most interesting route to Chicago. Both railroads made the trip in relatively the same length of time and charged the same fare.

He finally decided on one of the railroads. Which one it was does not matter. On his trip he went in to the diner and there was a choice of several empty seats. He selected one opposite a man and they got to talking. They became acquainted and before they got to Chicago the older man had become much interested and told the younger man "to go slow" on either of those offers in Chicago. To shorten the story, his life's career was determined by his choice of railroad, his choice of dinner companion and his meeting with this man whom he impressed. It led him into a great field of activity.

Now suppose he had taken the other railroad to Chicago. Suppose the many decisions he had made that day had been different. To me this story illustrates that if a man is completely in the hands of God he will get on the right train, he will sit down in the right place and make the right connection. His life will be guided to the thing that God has for him to do.

## LOOPHOLES in the Law

By WILL WILSON

Past President, Texas District and County Attorneys Association

Burglar Joe admitted he broke into a store operated by Mrs. Fred Smith in Prairie Hill, Texas. He confessed that on September 27, 1941, he broke in the back door of the store building, entered and stole several articles of merchandise.

Since there was no doubt of Joe's guilt, he was convicted and sentenced to five years in the penitentiary. But on appeal the verdict was reversed.

At the trial Mrs. Smith testified that she was the wife of Fred Smith and that she lived with him at Prairie Hill where they operated a store. The indictment pointed out that the store, at the time of the burglary, was under the control and ownership of Mrs. Smith.

The reversal was solely on a technicality involving ownership of the store. Although Mrs. Smith was op-

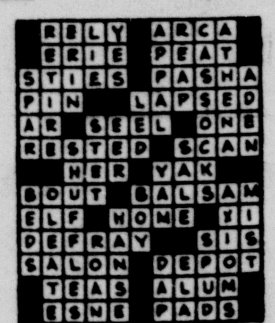

erator of the store, it was community property belonging jointly to her and Mr. Smith. In the eyes of the law the husband was the owner. The indictment charging Joe should have alleged that the husband instead of the wife was the owner of the property.

If the State Bar is successful in its effort to bring about revision of Texas' criminal statutes, such bulk large in influence and prestige. Under the present system too many criminals escape justice even when there is no doubt of their guilt, breeding disrespect for the law and subjecting good citizens to constant threats from lawbreakers.

Navy Mars flying boats carried 21,277 passengers without an accident during 1948.

## Wheat Prices Turn Upward; Cotton Dips Downward Slightly on Markets

Higher prices for some products contrasted with declining values on others at southwest farm markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reported.

All grains scored upturns for the week. No. 1 ordinary wheat sold 4 1-2 cents up at \$2.23 per bushel in bulk carlots at Texas common points. Yellow corn advanced 3 to 5 cents and white 1 to 2. Oats gained 1 to 1 1-2 cents and barley 2 to 5. No. 2 yellow milo sold a nickel higher at \$2.07 to \$2.12 per hundred pounds.

Rice harvesting was well under way last week in Louisiana and Texas but just getting started in Arkansas. Zenith rough rice sold steady at around \$7 a barrel, dry weight. Feed prices followed irregular trends, with some higher and some lower. Alfalfa hay held firm, and prairie hay steady. Peanuts weakened slightly.

Cotton closed Monday 75 cents to \$2.50 a bale lower. Dallas paid 29.80 cents a pound for middling 15-16, Houston 30, New Orleans 30.35, and Little Rock 30.30.

Wholesale dressed beef and pork sold steady to \$1 or more higher than a week ago at eastern markets, and lamb and mutton moderately to sharply higher.

More livestock of all kinds arrived at midwest markets Monday than a week earlier, and more of all except hogs came in at southwest terminals.

This week's opening cattle prices were mainly unchanged to a little higher than a week before, but some stockers and feeders sold somewhat higher. Stocker yearlings ranged from \$17 to \$20 at Texas and Oklahoma markets Monday.

Hog prices were unchanged from last Monday at San Antonio, 50 cents to \$1 higher at Fort Worth, and 50 to 75 cents lower at Oklahoma City. Top butchers brought \$20 at San Antonio and \$21 at Fort Worth, and Oklahoma City.

Sheep and lambs gained mostly 50 cents to \$1.50 for the week. Spring lambs sold up to \$23 at Oklahoma City.

## Friendship HD Club Makes Lawn Furniture

The making of lawn furniture was studied by members of the Friendship Home Demonstration Club, when they met in the Community center last Friday afternoon.

Mrs. Horace Brown and Mrs. Grady Smith gave a demonstration on furniture making, and one lawn chair was started.

Plans were discussed for Achievement day to be held in Anson September 29. The Friendship Club will be responsible for the leather display.

At the next meeting, set for September 9, a demonstration on slip-covering and re-upholstering of chairs will be given. Mrs. Lou Polnac of the Tuxedo Club will be in charge. One chair will be slip-covered and one will be re-upholstered.

The meeting will begin at 10 o'clock and a covered dish luncheon will be served at noon.

Members present last Friday are Mrs. Cecil Brown, Mrs. H. C. Brown, Mrs. Jack Collins, Mrs. Jess Johnson, Mrs. Jap Kemp, Mrs. Grady Smith, Mrs. Ed. Rogers, Mrs. M. S. Johnson, Mrs. James Brown, Mrs. Roy Brown, Mrs. John Nix, Mrs. Sol Branscum, Mrs. Bert Fomby.

## New Two-Way Radio For WTUC Operating

Opening of a new two-way F-M radio system by the West Texas Utilities Co., last week marked a step in greater efficiency for the maintenance and repair work of the organization.

The new station is located at Stamford and can keep in touch with every field crew maintained by the company.

It was pointed out this week that the WTUC will make facilities of its radio system available in case of public disaster, or when storms disrupt other means of communications in this area.

Engene Curtis, reporter for the Tulsa Daily World, Tulsa, Okla., spent the week end in Hamlin as a guest of his father, Roy J. Curtis.

George Malouf went to St. Louis Sunday on business. He flew from Abilene to St. Louis.

Mrs. Tom Gregory and Mrs. A. G. Smith. Mrs. Homer Neal was a visitor.

## Abilene Woman to Be Garden Club Speaker

Mrs. L. P. Johnson of Abilene, president of the Texas Eighth District of Garden Clubs, will be guest speaker at a meeting of the Hamlin Garden Club in the home of Mrs. J. W. McCrary, Friday, September 9.

The meeting, which will be held at 3 o'clock, will be the first of the year for the club.

All members are urged to attend the season's first session, and those who cannot attend are requested to notify the hostess.

## Tuberculosis Can be Conquered by Use of Patience and Rigid Rules

Impatience has been behind numberless tragedies. It has caused business failures, severe accidents and untimely deaths. It has frequently interfered with a person's complete victory over tuberculosis, causing him to cut short his medical treatment and endanger his life.

No patient ever found a diagnosis of tuberculosis and the long months of complete rest and treatment necessary to fight the disease pleasant to take. But the realization that tuberculosis can be cured, that anyone who sticks with his treatment until he is completely cured can again become a useful citizen, are encouraging prospects.

Actually, there is no such thing as "half-cured" tuberculosis. Either a tuberculous patient has gained full victory over his disease and has regained his health, or he is still ill with tuberculosis.

Once a person discovers that he has tuberculosis, the best place for him is a sanatorium or tuberculosis hospital. Everything there is directed toward his cure and toward helping him cooperate with treatment—the work of the doctors and nurses, the hospital schedule, especially prepared food, the company of others engaged in the same battle.

the sanatorium against medical advice and thereby jeopardize their health and their lives, are frequently fooled by outward appearances. Impatient to return home and get back to work, they pronounce themselves cured when they begin to feel or look better.

Impatience makes them forget that the sanatorium doctors are the ones who know when a tuberculous patient is well enough to be discharged.

Tuberculosis patients who leave the sanatorium against medical advice frequently suffer a breakdown and must return for further treatment. This breakdown may be more severe than the original illness.

Patience in this hurried day and age has become a rare virtue. But for tuberculosis patient it is necessary virtue if he wishes a true restoration of his health on a permanent basis.

accept the fact that months of treatment may be necessary if he wishes to be really cured.

### Poor Little Fellow

A father saw a motion picture about the ancient days when they threw slaves to the lions. He told his wife about it.

"Why don't you take little Tommy to see it?" she said.

"I don't know whether a child should see a picture with men being thrown to the lions and devoured."

"He's got to learn sometime," replied his wife.

So he took his young delinquent and explained that it was just a picture and not to get upset. During the scene where the slaves were thrown to the lions, the kid grabbed his father's arm.

"Papa, Papa, look at that little lion, that little lion."

"I told you, it's just a picture. Don't be upset."

"Papa, look at that little lion, that little lion."

"I told you, it's just a picture."

"Papa, look at that little lion. He ain't getting any!"

## Right Posture Is Factor in Health Of All Children

Correct posture in school children, and adults as well, is necessary to proper physical and mental development, a warning from the Texas State Department of Health says. "Good posture is a sign of self respect and plays an important part in winning the respect of others," Dr. Geo. W. Cox, state health officer, said.

"Many of the ills of childhood and the deformities of adult life have their beginning in poor posture acquired during childhood," he said, "and it is particularly important that the child's posture conform to nature's dictates. Most children are born in good physical condition and yet examination of large groups of school children show a high per cent to be suffering from poor posture. Malnutrition and fatigue are productive of poor posture. These lessen the size of the chest and decrease the lung capacity. Abdominal organs may be pushed out of natural position, which may seriously interfere with action. These conditions must be corrected before the body is able to attain normal weight and nutritional standards."

"School children who have poor posture are said often to average lower in attendance and in school mental and physical activities than those who have good posture. A child may be forced to hold his body in an unnatural position by a desk that is too high or too low. Desks and work tables should be just high enough to allow the feet to rest on the floor and the forearms and hands to rest upon the tops without the shoulders being hunched up."

NEW YORK CITY—Most of our famous explorers such as Admiral Byrd and Will Beebe belong to the Explorers' Club on W. 72nd St. Although you may not be lucky enough to bag a celebrity on a visit to the club, you will see some very fine specimens of game that celebrities have bagged. This leathery old Hippo was getting to look a little disheveled until General Richard Oglesby Marsh decided to brighten him up. The famous engineer and scientific explorer who has several paragraphs devoted to him in "Who's Who" says an occasional coat of paste wax is just as effective in preserving the hides and horns of beauties like Hippo as it is in beautifying and protecting the floors and furniture of the club.

I. R. Huchingson went to Spur Tuesday afternoon on business.

Mr. and Mrs. J. F. Gale and daughter, Gail Ann, of Houston, were guests this week of Mrs. Bert W. Creekmore and other relatives in Hamlin.

Mr. and Mrs. Lester Maberry went to Plainview last Friday to spend the night with relatives. They were accompanied by Miss Norma Jean Rossen, their niece from Salt Lake City, who has spent several weeks in the Maberry home.

Washington, D. C. is on the banks of the Potomac River.

Mrs. James J. Hill Jr., above, was Miss Verna Colwell before her marriage in Denton, Monday, August 29 to Hill. The bride is the daughter of Mr. and Mrs. B. B. Colwell of Hamlin. She is a graduate of Hamlin High School and of Texas State College for Women at Denton. Hill is the son of Mr. and Mrs. J. J. Hill of Denton. Vows were read in the Little Chapel in the Woods.

### Drake Family Reunion At Eastland Sunday

Members of the Drake family met in Eastland park last Sunday for their annual reunion. Some members of the family had not seen each other for 40 years.

A basket dinner was served at noon and the afternoon was spent in visiting.

Those present were: Mrs. John Algood, Clint, Texas; Iris Coles, Los Angeles; Mr. and Mrs. James Blair, Fort Worth; Mr. and Mrs. Ernest Holly, Yuma, Ariz.; Mr. and Mrs. Frank Drake and daughters, Mrs. Emma Drake, Mr. and Mrs. Floyd Rhoden and daughter, Ella Jean, Mr. and Mrs. Hubert Drake and daughter, all of Midland; Jim Mason and Fred Coker of Gorman.

Mr. and Mrs. Roy Lawson and son, Pat, of Albany; Mr. and Mrs. E. D. Hallum and family, and Mr. and Mrs. Stevenson, all of Fort Worth; Mr. and Mrs. E. R. Grisham of West Columbia; Betty Merritt of Newell; Mr. and Mrs. E. L. Carmichael, Mrs. Lue Stephens and Miss Mervyn Plummer, all of Nimrod.

Connie Drake, Miss Maud Drake and Della Drake, all of Hamlin; Mr. and Mrs. O. J. Grubbs, Mrs. Annie Martin, Mrs. Ella Drake, Mr. and Mrs. Jack Drake and family, Mr. and Mrs. Jim Drake, Mrs. R. O. Monk and daughter, Mr. and Mrs. Mack Drake, Mr. and Mrs. White and family, Mrs. Molly Hilburn, Dock House, Lewis Drake and son, Mr. and Mrs. Frank Dullfield, Mrs. Dora Drake, Ed Drake, Miss Hattie Drake, Tom McCune, Mr. and Mrs. Lucas, LeRoy Drake, all of

### Age Requirements for Boy Scouts Changed

Official notice of a change in age requirements for Boy Scouts was made this week by Dale Hewgley, area scout executive, for the Chisholm Trail Council.

Hewgley said effective September 1 boys may become Cub Scouts at 8 years of age, Boy Scouts at 11, and Explorers at 14.

Parents of boys who want to become Cubs are requested to see O. T. Kelley, cubmaster of Cub Pack 43. Boys 8, 9 and 10 are eligible to take part in this program.

Boys of ages 11, 12 or 13 who want to become Boy Scouts, and those 14 or over, who want to become Explorers, are requested to see H. E. Lawson's scoutmaster of troop 43.

Mr. and Mrs. H. O. Cassle Jr., and children, Freddie and Joyce, have returned to their home in Meadville, Penn., after visiting relatives in Hamlin for 10 days.

Eastland; and Mrs. Annie Head and son, Floyd, of Abilene.

### Hunters Urged Again to Use Care in Shooting at Birds Near Phone Lines

"Please don't shoot at birds on telephone lines," is the plea of R. B. Peterson, manager of Southwestern Bell Telephone Company, who says that each year thousands of telephone wires are broken by stray shots during the hunting season.

"Birds can fly away," Peterson said, "but telephone wires just have to sit there and take it. It's not that the hunters deliberately try to hit wires, and I don't think sportsmen would shoot at a sitting bird on a wire, but I guess they just don't realize that a hasty shot, might cause serious damage to telephone lines and disrupt long distance service."

Explaining the yearly dilemma, Peterson pointed out that each hunting season money, man-hours, and telephone calls are lost through gunfire damage to telephone lines. "It would help a lot," he said, "if hunters would be very careful when they are in the vicinity of telephone

lines. Even if a bullet or shot only nicks the wire, when the cold weather comes the wire contracts and the added stress may cause it to break."

One solution advanced by the manager was that telephone engineers might try to develop a type of wire that would move when shot at. "In the meantime," he said, "all we

can do is to ask hunters to be careful when shooting at birds near telephone wires."

## Famed Oak Ridge Atom Show to Be Given at Texas State Fair This Year

The famed "Man and the Atom" show from the American Museum of Atomic Energy at Oak Ridge, Tenn., has been acquired for the 1949 State Fair of Texas Oct. 8-23. W. H. Hitzelberger, vice president and general manager of the fair, has announced.

This is the first display of this spectacular show anywhere in the south outside of Oak Ridge, cradle of the atom bomb, Hitzelberger said.

The exhibit will demonstrate how nuclear science is providing new tools for atomic research, and how it may help unravel some of the greatest mysteries of science.

The comprehensive Oak Ridge show is expected to be supplemented by other important exhibits from manufacturers cooperating with the atomic program and from institutions which are among those participating in the Oak Ridge Institute of Nuclear Studies. The University of Texas, Rice Institute and the University of Oklahoma are southwestern sponsors of the institute.

which operates the Museum of Atomic Energy — first and most complete of its kind in the world.

Many of the exhibits are animated and presented in such a simple manner that grammar school children can understand the complex factors involved in the release of clear energy.

Among the graphic mock-ups and dioramas which will be shown at the fair is a "nueen" reactor model depicting the probable future of atomic energy and which looks 25 or 50 years into the world of tomorrow. It reveals the principles of the nueen plane around which industrial and other community life of that time will be centered. "Nueen" is a coined word combining the first syllables of nuclear and energy.

A model of a uranium pile will demonstrate how radioactive isotopes are produced for use in medical and industrial research. A display of Geiger counters will measure the radiation from luminous dial watches worn by fair visitors. There will be an exhibit which shows several of the more important types of instruments used in detecting and measuring radioactivity. A cartoon representation of atomic fission will picture how "Dagwood Splits the Atom."

The Dr. Martland display will show the effects of radiation on the human body; and an animated exhibit demonstrates, on a greatly magnified scale, just what happens in the chain reaction which leads to an atom bomb explosion.

## Texas Prison Rodeo to Open Sunday, Oct. 2

First performance of the 1949 Texas Prison Rodeo will be staged in Prison Stadium, Huntsville, Sunday, October 2, it was announced this week.

Plans are being made to accommodate the largest crowd in history of the entertainment.

Six performances will be shown: October 2, 9, 16, 23 and 30.

## Firemen Auxiliary in Meeting on Thursday

Members of the Women's Auxiliary of the Hamlin Fire Department met in the fire hall last Thursday evening. Mrs. Ray Huling and Mrs. Garland Coltharp entertained the group with games.

Mrs. Alton Mayfield and Mrs. H. E. Lawson will be co-hostesses for the meeting September 8.

Those present were Mrs. Jack White, Mrs. Mickey McGuire, Mrs. Sol Branscum, Mrs. Tom Vaughan, Mrs. Garland Coltharp, Mrs. Ray Huling and Mrs. Bryant Conner.

### VISIT IN BIG BEND

Dr. Will C. House, pastor of the First Methodist Church, and Mrs. Jim C. Mills, his sister, spent several days this week in the Big Bend area. They were joined there by a brother and his family from San Antonio.

Mrs. J. T. McClung has returned to her home in Ballinger after having visited relatives in Hamlin for a week.

## Adams Family Holds Reunion at Lake

Members of the family of the late Mr. and Mrs. W. C. Adams of Cross Plains held their fourth annual reunion at the cabin of Mr. and Mrs. Tom Vaughan at the west Hamlin Lake.

Those who attended were: Mr. and Mrs. C. L. Adams and son, Larry; Mrs. Bill Davidson of Lubbock; Mrs. Jeff Clark, E. O. Adams and Mr. and Mrs. Pat McNeil Jr., of Cross Plains; Mr. and Mrs. B. W. Adams of Webb's ranch; Mr. and Mrs. H. T. Reiger and daughters, Winnona and Betty Jane, and Mr. and Mrs. Wayne Lanier Adams of Houston.

Mrs. Leo Tyler and son, L. M. Tyler of Clyde; Mr. and Mrs. Carrie Tyler of Colorado City; Mrs. Mary Adams and Mr. and Mrs. Billy Mack Adams of Big Spring; Mr. and Mrs. Donnel Clark of Mullin; Mr. and Mrs. Frank Williams and Mr. and Mrs. Vaughan and children, Sammie Frank, Lou Ree, and Tommy Wayne, all of Hamlin.

Mr. and Mrs. Otto L. Taulman and son of Odessa spent the week end in Hamlin with Mrs. Taulman's mother, Mrs. W. W. Green.

Miss Marjorie Steed is visiting relatives in Dallas this week.

## Large Number of Rabies Cases Are Found in Tests

The Texas State Department of Health during the first seven months of this year has a record of examination of 2709 animals for rabies and of this number one fourth were found positive. Dr. Geo. W. Cox, state health officer, said.

Rabies is transmitted to man through a bite or having a cut exposed to the saliva of a rabid animal. If a person is bitten, the offending animal should be penned, possible, for a period of at least ten days. If the animal is in the active stage, he will die within a week. This does not mean that a dog may be in the noninfectious or incubative stage, and develop rabies later. All dogs bitten by a rabid animal should be confined six weeks. If it is necessary to kill the animal, this should be done in such manner that the brain is not despoiled.

When sending a head to the State laboratory it should be put in a container, sealed and packed in ice to prevent decomposition.

Dr. Cox said that rabies is a hard disease to eradicate, but that it can be done if all owners will have their

## Mrs. Maddox Elected Head of Baptist Class

Mrs. Bill Maddox was elected president of the Mary Martha Sunday school class of the First Baptist Church, in a business session in the home of Mrs. Earnest Jenkins, teacher, last Wednesday at noon. A covered dish luncheon was served.

Other officers elected at the meeting were: Mrs. Delbert Rountree, membership vice president; Mrs. Weldon Johnson, fellowship vice president; Mrs. E. W. Gardner, class ministries vice president; Mrs. O. R. Reddell, assistant secretary; Mrs. Cecil Brown, treasurer and calendar girl; Mrs. Nell Shipp, stewardship secretary; Mrs. Pearl Decker, reporter; Mrs. Ben Wilcox and Mrs. Jack Collins, group captains; Mrs. W. C. Russell, class mother.

Those present were Mrs. Stovall,

## Truck Industry Paid \$166,473 to County

Jones County's treasury was enriched a total of \$166,473 in taxes collected from the motor transportation industry in 1948, it was reported this week. Most of that sum went into funds for highways, schools and general governmental functions.

The money came from payment of license fees, motor fuel taxes and intangible taxes.

Jones County's share of the license fees was \$31,958. In addition the industry paid the following amounts into various funds: highway construction, \$40,702; highway maintenance, \$36,467; county road debt, \$23,543; surplus road bond fund, \$11,094; per capita school

**Conceited**

Thornton Winthrop, an actor wellknown in his day, had long since passed his prime and keenly felt the loss of his popularity. One day as he climbed into a taxicab he got the impression that the driver hadn't recognized him but felt sure that he wasn't remembered. He decided to find out if the name of Winthrop meant anything to the cabbie.

"Did you ever hear of Thornton Winthrop?" he asked.

"Yes, sir," the cabbie replied.

"Wonderful man, isn't he?"

"He certainly is."

"Handsome, too, eh?"

"Yes sir, and doesn't he know it."

## Lions Club Members Hear Vocal Program

Members of the Hamlin Lions Club were entertained with several vocal selections by Miss Jeannine Johnston at the Tuesday noon luncheon.

Miss Johnston, a recent graduate of Hardin-Simmons University was presented to the club by A. Spencer, chairman of the program committee.

Following the program, a meeting of the board of directors decided not to sponsor the Camp Fire Girls organization in Hamlin as a club project.

**Forgetful**

"Are you sure your husband still loves you?" asked the wife's mother.

"Of course, mother," she answered. "When he's sleeping he's always calling me pet names. You know, naturally, that he's absent-minded, so he doesn't always call me by my right name."

"Well, I'm not so sure that that is understandable."

"He did make a peculiar remark, though, the other day when I kissed him on his bald spot."

"What did he say?"

"He said, 'Stop fooling around, Bunnv. I want to dictate a letter.'"

Mr. and Mrs. D. Joseph and Arde Basher all of Ranger are guests this week in the home of Mrs. B. Hassen in Hamlin.

## Hubbard Rites in Neinda Church County Pioneer

Funeral rites for J. N. Hubbard, pioneer resident of Jones County, were conducted in the Neinda Baptist Church last Thursday.

Hubbard died August 16 in the home of his son, C. B. Hubbard in Ozona. He had gone there for a short visit with his son. He had been in poor health for several years.

Born in Alabama, June 14, 1877, Hubbard came to Texas when very young. He was converted and became a member of a Baptist church at the age of 14, and was a member of the Neinda church at the time of his death.

He was married to Miss Ella Coleman in 1898, and six children were born to them.

Hubbard moved to Jones County in 1908 and settled near Neinda, which had been his home for 41 years.

Survivors are two sons, C. B. Hubbard, Ozona, and G. C. Hubbard, Odessa; three daughters, Mrs. Zera Montgomery of Abilene, Mrs. J. A. Eddington of Anson and Mrs. Gordon Smith of Anson; and two sisters, Mrs. J. L. Weaver of Hamlin and Mrs. B. L. Atkinson of Wellington, Texas.

Rev. A. C. Roberts, Neinda Baptist pastor, was in charge of the funeral, assisted by Rev. Pruitt of Abilene and Rev. Hammer of Haskell.

Pall bearers were nephews of Hubbard. They are: Amon Weaver of Snyder, Erby Weaver, Oran Weaver, Noel Weaver, Travis Hubbard and Herschel Hubbard.
